

Monthly Safety Meeting

Just when you thought you had every gadget you needed, out pops another neat one to show you where nearby planes are and even provide you with free graphical weather in-flight. It's all part of the FAA's Automatic Dependent Surveillance Broadcast (ADS-B) service and Jim McElvain (FAASTeam Rep and FAA Designated Examiner) will provide us with all the "Ins and Outs of ADS-B" -- the ultimate in situation awareness (weather-wise and traffic-wise).

Directions: Drive to 1801 9th St, Wichita Falls.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
